

BROWNSBURG EDUCATION FOUNDATION
2021 & 2022
IMPACT REPORT

Thank you!

Your commitment and generosity continue to bring amazing opportunities and experiences to the students in our community! Thank you for your dedication to making education a priority and for investing in the lives of our future leaders. The Brownsburg Education Foundation could not make the impact that it does without your support and, for that, we are very thankful!

With much gratitude,
Rene Behrend
Executive Director

Your Donations Make a Difference

IN 2021 and 2022, OVER \$100,000 WAS GIVEN BACK EACH YEAR TO THE STAFF AND STUDENTS OF THE BROWNSBURG COMMUNITY SCHOOLS IN THE FORM OF GRANTS TO ENHANCE THEIR EDUCATIONAL EXPERIENCES. THESE PROJECTS AND OPPORTUNITIES WOULD NOT BE POSSIBLE WITHOUT YOUR GIFTS TO THE BROWNSBURG EDUCATION FOUNDATION.

Tune It!

By purchasing enough tuners for all of the band classes throughout the day, each individual player understands how and what to do to produce a better tone and the tendencies of each tone on their specific instrument. Most students do not have the resources to purchase this necessary additional equipment to help support them as they learn and work with their instruments. The purchase of the instrument, in many cases, stretches many families' budgets. Providing these tuners for all students allows them to develop ongoing excellence. With daily use and concert use, the success of each student's control and production of tone can be measured. The audience will notice a difference in the ability of the students to control and adjust to tone tendencies as the students become more proficient with the tuners.

Pressing Times Call for Cordless Irons

With the addition of the cordless irons and cutting mats purchased with this BEF grant, safety was increased in the Family and Consumer Sciences classes at BHS. The cords on the irons serve as tripping hazards, and students have previously knocked the irons to the floor. The new cordless irons are safer and increase efficiency of the students. With the cutting mats, the non-slip ruler grips prevent the students' quilting rules from slipping while using the rotary cutters. These materials are used for many projects in the classroom from their patchwork lanyards and pajama pants to their favorite group project, the BEF t-shirt quilt, that is made annually for the BEF gala silent auction.

Culture Fair

As BCSC becomes a more diverse place to learn, clubs such as Junior Leaders of Tomorrow (JLOT) and Young Leaders of Tomorrow (YLOT) offer students a chance to discuss among each other the unique qualities that individuals have, but also the commonalities that bring them together. The target population is all students so that they can raise their awareness of the diverse world around them. In addition to smaller events at each school during the school day, this grant funded a larger combined Culture Fair in the evening where parents and students from both middle schools as well as community members could attend.

Bringing the Designs of ABBA to the BHS Stage

The BHS Theatre Department is constantly looking for ways for students to learn new skills. This grant gave students access to advanced moving light equipment as well as challenged and developed their programming skills and artistic creativity by drawing inspiration from previous ABBA lighting designs and adapting them for the musical “Mamma Mia!”. With the production of a jukebox pop-rock musical, there was the opportunity to bring the lighting design to a level that the students currently didn’t have the equipment to accomplish. This year more than ever, multiple students are graduating with a strong interest in lighting design and there is an interest from the underclassmen level as well. While the strongest benefit is obviously to those students, it also will have an even further reaching benefit to all students involved with the production, as well as all the community members that see the production.

Wireless Connectivity

The equipment purchased with this grant allows students to both see and use technology that is used in the profession of video production, helps them to create professional quality broadcasts and also prepares them to use similar equipment in a real-world job. Prior to receiving this grant, the students had to run cables to locations at events where they would like cameras. This can both be difficult and tedious, and in some situations, entirely not even possible. This wireless system allows students to alleviate some of those problems while maintaining the high-quality videos they have produced over the years. Not only do the students using this equipment benefit, but also the other students and the larger community that watch their productions.

A Long Way Gone Scrapbook

While reading *A Long Way Gone*, 8th grade students at Brownsburg East Middle School created small, 8 to 10 page scrapbooks that represent the main character and his journey from Mattru Jong to America, the central theme, and the author’s purpose in telling his story. Students used a combination of writing and creative visual displays to effectively show an understanding of the struggles, successes and strengths of the main character, Ishmael Beah. Students used at least 15 different details from the book in their scrapbooks to encompass the entire journey. The scrapbooks used a wide variety of media and genres (text, poetry, quotes, images, maps, letters, newspaper articles, lyrics, drawings, etc.) to explore each topic or theme. The grant received from BEF funded the materials to make this interactive and hands-on summation project possible.

Permanent Grant Projects

THE BROWNSBURG EDUCATION FOUNDATION HAS COMMITTED TO SUPPORTING THESE PROGRAMS ANNUALLY BECAUSE OF THEIR SIGNIFICANT POSITIVE IMPACT ON THE STUDENTS IN OUR COMMUNITY.

Elementary Running Clubs

Third through fifth grade students practice running weekly after school at all seven elementary schools. They begin their time together with a healthy snack, then do warm-ups together before heading out to run. Students also have the opportunity to participate in running meets with other running clubs. Running Clubs give students an opportunity to enjoy time together as a team, set personal goals and learn about ways that they can release stress and maintain a healthy lifestyle.

Purdue Science Express

This project pays for BHS teachers to be trained on various pieces of lab equipment through Purdue University, which then allows them access to over \$4 million worth of research-grade instruments to use in their classrooms throughout the year. Equipment is delivered by Purdue and left at BHS for a week, then picked back up by Purdue and returned to the University. Students have access to many sophisticated pieces of lab equipment that they otherwise would not have the opportunity to use.

Real Men Read

Community members volunteer their time once a month to read to all kindergartners in the school corporation. Each month, the students get a copy of the book that is read to take home to their families, continue reading together and build their home libraries.

Elementary Reading Challenges

Over summer and winter breaks, elementary students are challenged to read a certain number of minutes each day. This helps maintain and strengthen their literacy skills. All students who complete the reading challenge are then rewarded with a fun activity. Activities include STEM building materials, such as LEGOs, marble runs, KEVA planks and magnetic tiles, purchased by BEF.

Log Cabin Homestead Project

The Brownsburg Education Foundation (BEF) is excited to fund this interactive history experience for all third grade students in the Brownsburg Community School Corporation (BCSC). Each third grade class spends a half day at the cabin immersed in life as a pioneer child.

Built in 1998 as a gift from the Brownsburg Sesquicentennial Committee to the school corporation, this building sat unused for many years. With the help of BCSC administration and your generous gifts, this property has been restored for this hands-on historical experience.

Starting in 2022, BEF also introduced Pioneer Camp during the summer to all exiting third, fourth and fifth grade students for an even more involved experience of what life was like in pioneer days!

Pioneer Toys

Writing with Quill and Ink

Hanging the Laundry

Third Grade Visits

Building a Jacob's Ladder

Pioneer Games

Washing the Laundry

Community Day

Gardening

Petting and Milking Goats

Singing and Dancing

Pioneer Camp

2021 Grant Recipients

2021 Innovative Grant of the Year

Sew It Begins - The Art of Costume Construction

Awarded to BHS teachers Megan Myers and Ryan Keller

By providing high school theatre students with access to sewing equipment, they are able to learn valuable skills as well as enjoy the complete artistic process of constructing their own costume designs. This BEF grant purchased four sewing machines and dozens of individual sewing kits for students to use and to practice such things as sewing buttons, stitching hems and, eventually, constructing fully original costumes. With the department previously having only one sewing machine, these additional machines allow for many more students to gain experience sewing and to take ownership of their artistic ideas while also learning to troubleshoot and problem-solve as they move from a creative vision to a fully realized product!

2022 Innovative Grant of the Year

Regulation Station

Awarded to Brown Elementary School teachers Lenore Delamarter, Dawn Mayer (not pictured) and Stephanie Borem

This grant purchased items such as pillows, a bubble tube, light tiles, a lighted fan and an LED projector so that a fully equipped sensory room could be just steps away from the Life Skills classrooms. A sensory room provides physical and mental stimuli for children with physical disabilities, developmental delays and sensory impairments. For children with physical disabilities, interaction with sensory stimuli can help them to develop their sight, sound, touch and hearing, as well as encourage independence. Special education needs come in many forms, but sensory rooms can adapt and cater to a wide range of learning needs and physical requirements. Sensory rooms provide a therapeutic environment for children with autism and other special educational needs.

2021 and 2022 Graduate Walk Brick Recipients

BEF HAS CREATED A TRADITION WITH THE GRADUATE WALK. YOU CAN LEAVE A LASTING MARK WITH A COMMEMORATIVE BRICK IN THIS SPECIAL AREA.

Encouraging and Supporting Creativity

THE NEEDS OF THE BEF ARE NOT MET IN FULL FINANCIALLY. IT TAKES HUNDREDS OF HOURS FROM MANY VOLUNTEERS TO MAKE OUR MISSION A REALITY. **WOULD YOU LIKE TO HELP FURTHER THE BEF MISSION AS A VOLUNTEER?** THERE ARE MANY DIFFERENT OPPORTUNITIES TO SERVE FROM COMMITTEE WORK TO BOARD MEMBERSHIP. **CONTACT US AT BEF@BROWNSBURG.K12.IN.US TO VOLUNTEER NOW.**

The Brownsburg Education Foundation is grateful to all of its 2021 Community Partners.
