

# Peer Buddies

## at White Lick Elementary School

*Sponsored in part by*

**Students impacted: 37+ | Subject: Social Emotional Learning, Language Arts**

Through this grant, fourth and fifth grade high ability students are empowered with the tools to create meaningful relationships with the students in the Bridge Program. The grant purchased novels for the 4/5 students to read and learn more about students with autism. The grant also purchased materials for the Buddies to use together such as learning games and activities that were used to create buddy backpacks. Not only does this project foster empathy and inclusion, but the students form friendships and bonds that extend beyond the classroom.
