

# Community Pride Through Photography

## at Brownsburg High School

*Sponsored in part by*  **BUSENBARK CLARK & ASSOCIATES** *and*

CERTIFIED PUBLIC ACCOUNTANTS

Furnishing Knowledge®

**Students impacted: 195 | Subject: Visual Arts**

Through this grant, students capture high-quality digital photos that will help them in various projects and opportunities, improve their AP exam scores and perform better in local and national juried shows. The grant purchased two high-quality cameras that students use outside the classroom. Students were asked to find positive and beautiful aspects of the school and community and display them in a creative way. The enhancement of creativity will make a more active learning environment as well as give students more opportunities to practice and strengthen their photography skills .
