

Newspaper Photography

at Brownsburg High School

Sponsored in part by

Students impacted: 14 | Subject: Language Arts/Newspaper

With this grant, the newspaper students gain skills with photography which will help the overall quality of the BHS Paw Print Newspaper. This newspaper is available to the entire BHS student body. With previously only one camera to share among the entire newspaper staff, it was difficult for everyone to have the opportunity to use a camera, learn more about photography and incorporate it into their work in the Paw Print. By acquiring another camera, students will increase their skillset in this area and this will benefit the entire student body at the high school.
