Elementary Running Clubs

at all Brownsburg elementary schools

sponsored in part by

West Hospital

Thanks to your generous support and a partnership with IU Health West Hospital, elementary students across Brownsburg are lacing up their sneakers and discovering the joy of running! These school running clubs, made possible through a Brownsburg Education Foundation grant, bring students together for much more than exercise. While a few clubs are already meeting this fall, most will launch after spring break and continue through the end of the school year—giving students something exciting to look forward to.

What happens at running club? Though each school adds its own unique flair, students typically gather once a week to learn about nutrition and healthy living habits before heading out for a three-mile run together. It's inspiring to watch young runners set personal goals, push themselves to achieve them, and celebrate their progress along the way.

The impact goes beyond the miles. These clubs create lasting friendships as students encourage one another and build camaraderie with each stride. Teachers connect with their students in a new environment outside the traditional classroom walls. And students gain valuable knowledge—from proper running mechanics to the lifelong importance of staying active.

Your donations make programs like this possible, helping us nurture not just academic excellence, but healthy, confident, well-rounded students. Thank you for investing in their futures, one step at a time!
