

Hands-on Equations for Intervention

at the Brownsburg East and West Middle Schools

Sponsored in part by

BUSENBARK CLARK & ASSOCIATES
CERTIFIED PUBLIC ACCOUNTANTS

Hands-on Equation manipulatives provide approximately sixth grade Math Intervention SEEK students across East and West Middle Schools with a concrete, hands-on approach to understanding equations, a strategy that has consistently improved ILEARN scores for students who have not yet demonstrated grade-level mastery. Breaking complex equation concepts into tangible steps builds the strong foundation students need as they advance into 7th and 8th grade math. This initiative supports Brownsburg's commitment to curriculum continuity and excellence across grade levels.
