Brownsburg Education Foundation

2025

IMPACT REPORT

Highlighting achievements, growth, and progress through an annual report that reflects our commitment to supporting creativity, innovation and excellence in the Brownsburg Community School Corporation.

317-852-1056
www.brownsburgeducationfoundation.com

Your Donations Make a Difference

IN 2025, OVER $90,000 WAS GIVEN BACK TO THE STAFF AND STUDENTS OF THE BROWNSBURG COMMUNITY SCHOOLS IN THE FORM OF GRANTS TO ENHANCE THEIR EDUCATIONAL EXPERIENCES. THESE PROJECTS AND OPPORTUNITIES WOULD NOT BE POSSIBLE WITHOUT YOUR GIFTS TO THE BROWNSBURG EDUCATION FOUNDATION.

Adapted Materials for Early Development

Preschool and Pre-K students of every physical ability are now playing side by side without waiting on an adult to activate a toy for them. This grant funded adapted toys and switches that let students with limited physical abilities engage independently, building the communication and cause-and-effect skills that play-based learning is built on. The result: classrooms where inclusion starts on day one.

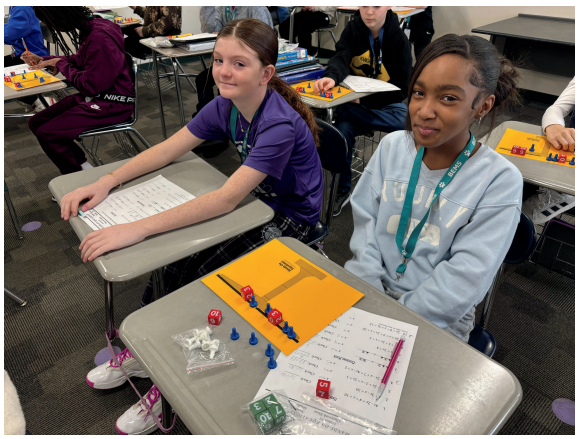

Fantastic Fossil Findings

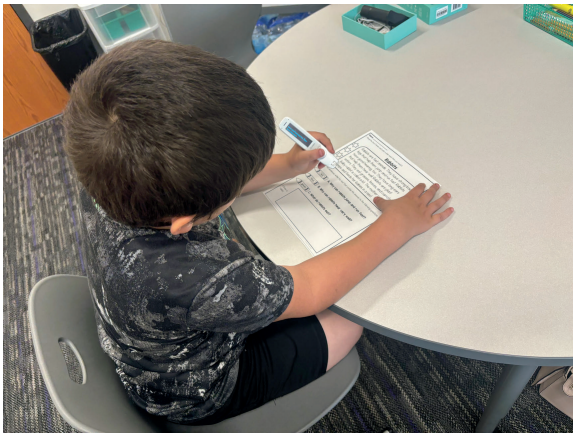

Nearly 200 High Ability 2nd and 3rd graders across all eight elementary schools got their hands on million-year-old history with no textbook required. This BEF InCredible Award Grant brought Indiana State Museum educators into classrooms for interactive fossil-formation stations, where students investigated how fossils form and what they reveal about ancient life. The result: young scientists building collaboration and critical thinking skills through hands-on discovery well beyond typical classroom resources.

Hands-on Equations for Math Intervention

Sixth grade Math Intervention SEEK students at East and West Middle Schools are building equation mastery they can literally hold in their hands. Hands-on equation manipulatives break complex concepts into concrete, tangible steps — a strategy that has consistently improved ILEARN scores for students not yet at grade-level mastery. The payoff extends beyond this year: a strong foundation now sets students up for success as they advance into 7th and 8th grade math.

Scanner Pens for Success

Students with dyslexia and other reading disabilities at Crossroads Elementary are accessing grade-level text on their own with no staff support required. This BEF InCredible Award Grant funds a tool that reads text aloud, giving students independence in the general education curriculum and direct gains in comprehension they couldn't reach unassisted. Piloted this year, the program is designed to scale across all of BCSC.

Tools for STEM Prototypes

Middle school Gateway to Technology students are turning technical drawings into working prototypes such as foot orthoses and adaptive toys built to address real disabilities and disorders they've researched themselves. This BEF InCredible Award Grant equipped students with chomp saws and electric foam cutters, professional-grade tools that bring the engineering design process to life. The payoff: hands-on experience with the same equipment they'll encounter in real STEM careers.

Seeds for Success

Applied Skills middle school students are growing more than vegetables! They're building responsibility, task completion, and workplace readiness with every seed they tend. This BEF InCredible Award Grant funded a Flex Farm hydroponic growing system, giving students hands-on work they can take pride in from start to finish. The harvest gives back twice over: crops are bagged and donated to the Brownsburg Community Schools Food Pantry, letting students see their work support their own community.

These six projects — and hundreds more like them — exist because of gifts to BEF. Thank you for investing in Brownsburg's students.

Permanent Grant Projects

THE BROWNSBURG EDUCATION FOUNDATION IS COMMITTED TO SUPPORTING THESE PROGRAMS ANNUALLY BECAUSE OF THEIR SIGNIFICANT POSITIVE IMPACT ON THE STUDENTS IN OUR COMMUNITY.

Elementary Running Clubs

Third through fifth grade students practice running weekly after school at all eight elementary schools. They begin their time together with a healthy snack, then do warm-ups together before heading out to run. Students also have the opportunity to participate in running meets with other running clubs. Running Clubs give students an opportunity to enjoy time together as a team, set personal goals and learn about ways that they can release stress and maintain a healthy lifestyle.

Real Men Read

Men in the community volunteer their time once a month to read aloud to every kindergarten class in the school corporation, giving students positive male role models who show that reading matters. Each month, kindergartners take home a copy of the book to keep, helping families build home libraries that last.

REAL MEN READ

Reading Challenges

Over school breaks (fall, winter and spring), elementary students are challenged to read each day. This helps maintain and strengthen their literacy skills. All students who complete this reading challenge are then rewarded with a fun activity. Activities include STEM building materials, such as LEGOs, marble runs, KEVA planks, magnetic tiles and outdoor games, purchased by BEF.

Purdue Science Express

This project pays for BHS science teachers to be trained on lab equipment through Purdue University, giving classrooms access to over $4 million worth of research-grade instruments throughout the year. Purdue delivers the equipment for a week at a time, giving students hands-on experience with sophisticated tools they otherwise wouldn't have the opportunity to use.

By the Numbers

A snapshot of BEF's 2025 impact

$90,400
given back in classroom grants

$83,000
awarded in scholarships

$40,000
in corporation-wide projects

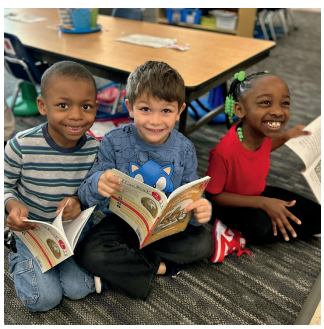

$6,200
given in staff awards

10,400
students reached

38
years of impact

over $3,000,000
given back since 1987

Log Cabin Homestead Project

The Brownsburg Education Foundation (BEF) is excited to fund this interactive history experience for all third grade students in the Brownsburg Community School Corporation (BCSC). In 2025, 650 third graders spent a half day at the cabin immersed in life as a pioneer child.

Built in 1998 as a gift from the Brownsburg Sesquicentennial Committee to the school corporation, this building sat unused for many years. With the help of BCSC administration and your generous gifts, this property has been restored for this hands-on historical visit.

Starting in 2022, BEF also introduced Pioneer Camp during the summer to all exiting third, fourth and fifth grade students for an even more involved experience of what life was like in pioneer days!

Third Grade Visits

Doing Laundry

Applied Skills Students

Quill and Ink

Community Day

Tug-O-War

Tree Identification

Candle Dipping

Encouraging and Supporting Creativity

Gifts alone don't meet all of the Brownsburg Education Foundation's needs. It takes hundreds of volunteer hours to make our mission a reality. Would you like to help as a volunteer? Opportunities range from committee work to board membership.

CONTACT US AT BEF@BROWNSBURG.K12.IN.US to learn more.

2025 Innovative Grant of the Year

"String Art Project - Graphing Linear Equations"

Beth Grant, BEF Grant Committee Co-chair (far left) and Dr. Kat Jessup, BCSC Superintendent (far right) with middle school math team recipients

Awarded to the Algebra I teams at East and West Middle Schools, this grant gave students a creative new way to demonstrate their understanding of graphing linear equations. After mastering slope-intercept and point-slope forms through guided practice, students designed original artwork on the coordinate plane, writing the equations for each line in their design and bringing it to life with colored string on cardstock. Along the way, they moved from a shared, guided template to designs entirely of their own creation — applying the same math skills with growing independence. The result: a project that turned math mastery into visual art, letting students show what they know in a way that's as innovative as it is personal.

2025 Graduate Walk Brick Recipients

BEF HAS CREATED A TRADITION WITH THE GRADUATE WALK. YOU CAN LEAVE A LASTING MARK WITH A COMMEMORATIVE BRICK IN THIS SPECIAL AREA BY VISITING THE BEF WEBSITE.
